EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Theresa J. Wasilausky on 8/28/06.

The application has been amended as follows:

Claims 21-40 have been cancelled as withdrawn and drawn to non-elected inventions.

Claims 5-9,13,14,16, and 17 are hereby rejoined as being dependent on allowable claims. The rejoined claims can be seen in their entirety in the amendment of 1/27/06, for the purpose of this examiner's amendment the claims of **5-9,13,14,16, and 17** from 1/27/06 are now rejoined and allowed.

Therefore, **claims 1-20,41 and 42 are allowed**.

2. The following is an examiner's statement of reasons for allowance: the prior art of record all failed to show either alone and/or in combination an ambient atmosphere ion thruster with the electrical systems as claimed as well as having no lift force applied to

it. The examiner takes this to mean that the craft must produce a reaction force in space and not in the atmosphere of earth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy D. Collins whose telephone number is 571-272-6886. The examiner can normally be reached on M-F, 7:00-3:00, with every other Fri. off.
